

Sewer System Rehabilitation – Atlanta, GA

Proposed Recipient: City of Atlanta Sewer System Rehabilitation

Address of Recipient: 55 Trinity Ave SW Atlanta, GA 30303

Amount of Request: \$2 million

Explanation of Request

Purpose: Improve surface water quality by providing combined sewer capacity relief to capture more storm water and sewage flows and associated flood relief in several areas of the City of Atlanta

Why is it a good use of Taxpayer funds: enables the flow volume from surface streets to enter collection system to be later treated and released. This project fits within EPA's mission, as it will assist with the consent decree entered into by the City with EPA, Georgia EPD, and other citizen organizations. It will also prevent the entire burden from falling on Atlanta's low income rate payers.
